A LITTLE BIT ABOUT US

ABOUT RTC.ON

RTC.ON is a conference for audio and video devs, organized in Kraków, Poland.

Most tech conferences feel like soulless shopping malls. We skip the massive halls to focus on what matters: **connecting 150 active builders in audio, video, and AI**. By keeping the vibe "homey" and the scale personal, we ensure your team doesn't just stand behind a booth – they actually join the conversation with the people using your tools.

ORGANIZER – SOFTWARE MANSION

We're a software agency and an R&D lab. We specialize in building open-source technologies and developer tools.

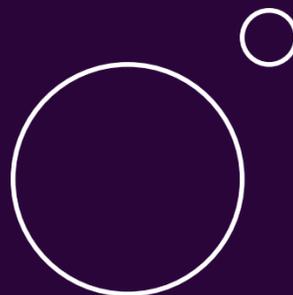

We're based in **Kraków, Poland** – a true tech hub, with the likes of **Cisco, Akamai, Google, Nokia, and Motorola** choosing it as home for their key European engineering hubs.

WANT SOMETHING MORE? HERE ARE SOME ADD-ONS

GAME ZONE SPONSOR

Our office lounge is the heart of the event's "homey" vibe. With a custom retro arcade, Xbox, PS, and Switch, it's the ultimate spot for low-pressure networking over a round of Tekken. We'll brand the space for you – from custom arcade wraps to branded bean bags and snacks.

ADD-ON - PRICE UPON REQUEST

COFFEE BREAK SPONSOR

Forget "conference coffee." We bring a full café experience to the venue with professional baristas and specialty beans. Put your brand in every hand with custom aprons, limited-edition cups, or even a branded "Sponsor Blend".

AFTER PARTY SPONSOR

We never skip an opportunity to celebrate. Host the official after-party and show the community who's leading the dancefloor. We'll light up the venue with your colors, feature your brand in the official agenda, and help you bring any special "party tricks" or custom ideas to life.
